

As the love child from British speciality malts and American Citra hops, this beer introduces itself dark and viscous, with a dark and firm body layered with chocolate-bisquit and toffee like notes. The aroma is in-your-face orange and grapefruit with a kiss of mango.

At a healthy 7% ABV, this beer is a sipper and it will continue to evolve in the bottle or keg if matured.

Available in 500 ml bottles or 20,5 litre kegs.

Kama Citra is brewed by "Beer Here" a Danish brewery project started by award winning brewer Christian Skovdal Andersen. The mission of Beer Here is to brew flavourful beer bending known conventions and styles.
